A journey to a peaceful mind

Designed by Arik Levy in collaboration with Design Studio Vitra, Voyage is a system offering new possibilities for a peaceful mind. Motivated by the premise that time spent in the bathroom is not just a physical experience, but rather is an interval, Voyage creates a space where the mind and body meet, where the emotional and spiritual aspects of an individual's existence are stimulated.

Understanding that this most human personal experience deserves an individualised space, the product range offers the tools to customise this area and enhance the spiritual experience.

A canvas for more

Voyage is designed as a toolbox. Extensive size and colour options allow users to construct their very different and preferred set-up. The bathroom can be seen as a blank canvas with Voyage offering surprisingly versatile options for creative minds in search of the most blissful spaces.

A system that evolves

Voyage offers a system that evolves and adapts to changing needs and desires over time. It is easy to add and remove elements, each additional unit helping to transform the existing space for the next chapter of your life. This flexible, comprehensive system minimises the risk of mistakes and enables solutions to permanent and semi-permanent needs, always leading to a visually pleasing new result.

Arik Levy

Flexibility both horizontal and vertical

Beyond modularity, Voyage is a flexible system that challenges the ordinary bathroom set-up, providing horizontal and vertical positioning. Storage space can be divided and distributed around the room, with no height or position constraints. Positioning can be defined by the user, based on permanent or temporary needs. This flexibility also extends to colour, depth and size options, making Voyage one of the most versatile bathroom ranges.

More than a washbasin

A seamless fusion of bowl and vanity unit, the Voyage washbasin offers a convenient combination of dry, semi-wet and wet areas. The ceramic surface provides hygiene and ease of cleaning.

As well as standard washbasins, the range also offers monoblock washbasins with wall-mounted and floor-mounted tap alternatives as a stylish option, especially for public bathroom spaces.

A statement WC area

Voyage defies convention by surrounding the WC area as a key feature of the bathroom layout. The result is a statement WC area that is no longer isolated.

Accessories in harmony

Voyage's accessories combine outstanding style with functionality. The pure design amplifies the peacefulness of space.
