Equal

Claudio Bellini

Brave simplicity

Designed by Claudio Bellini in collaboration with Design Studio Vitra, Equal truly offers a bathroom with character. Simplicity must be treated as the outcome of a brave sophistication, and as a design approach, it is the human shortcut to creating equilibrium within the clutter of an urban environment. This is the balance Equal creates by welcoming diverse needs and desires.

Poetic within norms

Representing the equilibrium between the rational and the sensual, Equal employs geometric forms obsessively shaped by simplicity, whilst simultaneously embracing organic shapes. Through ordered, edgy yet still rounded and soft forms, Equal creates the ultimate bathroom harmony.

Claudio Bellini

Cold and warm atmospheres

Equal celebrates basic architectural elements by exploring their fundamental possibilities. To enhance the relaxing and sensual atmosphere of the space, the collection combines cold and warm materials in the form of ceramic and wood. Black metal elements are also used to emphasise and strengthen the timeless character of the collection.

Equal

Floating vanity

Designed as a custom piece of furniture, Equal's vanity unit amplifies the visual effect of completeness, thereby creating the perception of more space. Single and double washbasins display a striking contrast of linear and flowing forms. Available in wall-hung, countertop or metal frame options with towel holders or shelves, Equal washbasins float above an uninterrupted floor surface perfect for easy cleaning.

Claudio Bellini

Boundary free

Equal offers a wealth of storage solutions beyond the vanity with a choice of free-standing storage units celebrating individuality.

Equal

Claudio Bellini

Ingenious hygiene

Equal WC pans incorporate VitrA's Rim-ex technology, an innovative design for effortless cleaning by eliminating the hard to clean rim. This technology prevents the accumulation of germs and provides a superior hygiene standard.
